Gary,

Thanks so much for the great and timely information. Please see the attached final product. I just changed the look and deleted the N/A questions. I plan to send out an official thank you email tomorrow to all those who gave us their contact information along with the organizations we hope to keep in touch with...TOP, MacGregor Park Civic Club, and the City Council.

I just need your conformation that there is no one else we need to review this product. Send any edits my way and Thanks again!

Respectfully,

I will try to look at it sometime today. I don't like promising an actual date because they have like 4 pages of questions.

Thanks

Gary,

If it is possible, we would like to answer TOP's question by Friday. If not let Joan know because I'm not here until Monday, and we told them we would get back to them by Friday We have touched base with a number of people that we met at the meeting. The MacGregor Civic Association would like to meet with us sometime in January/February. I will keep in touch with them. They were actually meeting at the same we had our meeting on Dec. 11.

Thanks,

Bill
